

Bureau of Land Management, Interior

§ 2720.0-2

§ 2711.4-2 Other private improvements.

Where public lands to be sold under this part contain authorized private improvements, other than those identified in § 2711.4-1 of this subpart or those subject to a patent reservation, the owner of such improvements shall be given an opportunity to remove them if such owner has not been declared the purchaser of the lands sold, or the prospective purchaser may compensate the owner of such authorized private improvements and submit proof of compensation to the authorized officer.

§ 2711.5 Conveyance documents.

Patents and other conveyance documents issued under this part shall contain a reservation to the United States of all minerals. Such minerals shall be subject to the right to explore, prospect for, mine, and remove under applicable law and such regulations as the Secretary may prescribe. However, upon the filing of an application as provided in part 2720 of this title, the Secretary may convey the mineral interest if all requirements of the law are met. Where such application has been filed and meets the requirements for conveyance, the authorized officer may withhold issuance of a patent or other document of conveyance on lands sold under this part until processing of the mineral conveyance application is completed, at which time a single patent or document of conveyance for the entire estate or interest of the United States may be issued.

§ 2711.5-2 Terms, covenants, conditions, and reservations.

Patents or other conveyance documents issued under this part may contain such terms, covenants, conditions, and reservations as the authorized officer determines are necessary in the public interest to insure proper land use and protection of the public interest as authorized by section 208 of the Act.

§ 2711.5-3 Notice of conveyance.

The authorized officer shall immediately notify the Governor and the heads of local government of the issuance of conveyance documents for

public lands within their respective jurisdiction.

Subpart 2720—Conveyance of Federally-Owned Mineral Interests

§ 2720.0-1 Purpose.

The purpose of these regulations is to establish procedures under section 209 of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1719, for conveyance of mineral interests owned by the United States where the surface is or will be in non-Federal ownership.

§ 2720.0-2 Objectives.

The objective is to allow consolidation of surface and subsurface or mineral ownership where there are no known mineral values or in those instances where the reservation interferes with or precludes appropriate non-mineral development and such development is a more beneficial use of the land than the mineral development.
